

9th Street closed overnight on Feb. 18 due to parking deck construction

~ DGS pouring concrete for parking deck~

Ninth Street will be closed to pedestrian and vehicle traffic from Grace Street to Broad Street at 8 p.m. on Friday, Feb. 18 and reopen at 9 a.m. Saturday, Feb. 19, to facilitate the pouring of concrete on the 4th level of the parking deck being built at 9th and Broad streets.

The concrete pour is the latest construction happening at the parking deck, which when complete, will serve as parking for state employees, members of the General Assembly and their staff.

As a reminder, there are other lanes and sidewalk closures due to the General Assembly Building construction project and other DGS construction projects in the area. The eastern sidewalk of 8th Street and the two adjacent traffic lanes are closed from St. Peter's Church to Broad Street. The most western lane and sidewalk of 9th Street are closed and will remain closed until further notice. The Broad Street sidewalk and bus lane from 8th Street to 9th Street, which goes behind the Pulse station, are closed and will remain closed until further notice.

These sidewalk and lane closures are subject to change throughout the duration of these construction projects.

As construction projects continue around Capitol Square, please be aware of your surroundings. Be on the lookout for DGS alerts and check the [DGS website](https://dgs.virginia.gov/facilities-management/tenant-resources/DGSALERT/) for the most up to date information.

You can sign up to receive DGS alert emails directly to stay informed on DGS construction projects, building/facility issues, road closures and more that may impact your building or Capitol Square by visiting <https://dgs.virginia.gov/facilities-management/tenant-resources/DGSALERT/>.
